OLD BUSINESSMAYOR DON DAFOE: PROPOSED BYPASS ROAD

Mayor Dafoe explained that the Utah Department of Transportation has proposed to construct 3.5 miles of new 2 lane highway designated as Utah State Route 136 from US Route 50 near its junction with State Route 125 northerly past the Delta Airport to US Route 6 south of the Sevier River. He asked for comments from the public regarding this proposal.

Rex Stanworth attended and addressed the Mayor and City Council. He explained that he was representing himself and his family only. Mr. Stanworth spoke in favor of the By-Pass Road and said that his main concern for the road is to decrease the heavy truck traffic that currently travels the highway near the Regional Park. He said that he feels that if the By-Pass Road were built, the coal hauling trucks could travel the By-Pass Road to IPP. However, they would still have the option of traveling back through Delta City if they desired.

Lengthy discussion was held regarding the By-Pass Road, after which Council Member Wesley Bloomfield MOVED that a recommendation be made to the Millard County Commissioners that they proceed with the proposal of constructing a Bypass Road, State Route 136. The motion was SECONDED by Council Member Robert Droubay. Mayor Dafoe asked if there were any comments or questions regarding the motion. There being none, he called for a roll call vote. NEW BUSINESS

STEVE LESTER, DELTA CITY RESIDENT: REQUEST FOR PLACEMENT OF FUEL TANK AT DELTA MUNICIPAL AIRPORT

Mayor Dafoe welcomed Steve Lester and asked him to address the Council.

Steve Lester addressed the Council and said that he conducts a flight school at the Delta Municipal Airport. He said that his airplane uses unleaded fuel rather than aviation fuel, and Alan Burraston does not have unleaded fuel available for sale at the airport. Mr. Lester then requested Council's permission to place a 300 gallon unleaded fuel tank at the Delta Municipal Airport near the east end of the old FAA building. He said he would use this fuel for his own plane and that it would not be for public sale.

Discussion was held regarding the liability of using public property for private gain.

Following further discussion, Council Member Robert Droubay MOVED to table this agenda item to allow Attorney Waddingham time to research this issue. The motion was SECONDED by Council Member Wesley Bloomfield. Mayor Dafoe asked if there were any comments or questions regarding the motion. There being none, he called for a vote. The motion passed unanimously.

Mayor Dafoe asked Harry Johnson to address the Council regarding a backstop for the Neighborhood Park.

Harry Johnson, said that the City needs additional baseball diamonds for kids and recommended that a backstop be installed in the northwest corner of the Neighborhood Park. Possibilities for funding and for labor to install a backstop were discussed. Council Member Droubay was assigned to work with Public Works Director Neil Forster to follow through on this project.

PUBLIC WORKS DIRECTOR NEIL FORSTER: CITY PARK TENNIS COURTS

Mayor Dafoe asked Public Works Director Neil Forster to discuss the Tennis Courts in the City Park.

Public Works Director Neil Forster said that with the newer tennis courts located throughout the City, the tennis courts in the City Park have not been used for at least two years. Mr. Forster recommended that 3/4 of the concrete, fencing and poles in the north tennis court be removed and planted into grass and that the remaining 1/4 concrete be covered by the pavilion from the Rancho Mobile Home Park. He also recommended that the fencing and poles be removed from the north end of the south tennis court but the concrete remain.

Mr. Forster suggested that the fencing and poles from the tennis courts could be used for the backstop at the Neighborhood Park.

Following discussion, Council Member Wesley Bloomfield MOVED to approve Mr. Forster's recommendation for the City Park Tennis Courts. The motion was SECONDED by Council Member Robert Droubay.
